

New Mexico's Early Childhood Coalitions 2024-2025

New Mexico's Early Childhood Education and Care Department, ECECD, has funded seventeen coalitions across twelve New Mexico counties. By funding early childhood coalitions, ECECD aims to create more cohesive, equitable, and effective early childhood systems in New Mexico, which includes coordinating a continuum of family driven, community based high-quality prenatal-to-five programs and services that are available and accessible to all families in every corner of the state.

UNM Family Development Program works in partnership with ECECD to provide support to coalition coordinators, offer resources, provide professional development and technical assistance, and coordinate efforts to support Early Childhood needs across communities.
